DEFINITIONS

**SORTIE:**

An aircraft airborne on a mission against the enemy (synonymous with term: aircraft dogfight or aircraft taking off).

**AIRCRAFT CREDIT SORTIE:**

Deemed to have taken place when an airplane, ordered on an operational mission and in the process of entering an area where enemy anti-aircraft fire may be effective or where usual enemy fighter airplane in any way is subjected to enemy attack.

**ENCLOSURE SORTIE:**

A sortie which carries out the purpose of the mission.

**AIRCRAFT MIA:**

An aircraft failing to return from an operational mission and considered lost.

**CAT. E:**

An airplane damaged beyond economical repair as a result of operational activity.

**SALVAGE NON-OPERATIONAL:**

An aircraft damaged beyond economical repair while not in performance of an operational mission (flights, etc.)

**ENEMY AIRCRAFT CASUALTIES:**

Destroyed in the Air - Aircraft in flight shall be considered destroyed when:

1. Seen to crash.
2. Seen to disintegrate in the air or be enveloped in flames.
3. Seen to descend on friendly territory and be captured.
4. Pilot and entire crew seen to bail out.

Destroyed on the Ground - Aircraft not in flight shall be considered destroyed when:

1. Seen by photograph to have been blown apart or burned out.
2. Seen by strike photo to have been within unobstructed lethal radius.
3. Seen to sink in deep water.
4. Known to have been aboard carrier or other ship at time of conflict.

Probably Destroyed - Aircraft shall be considered probably destroyed when:

1. While in flight, it is so damaged as to have less than an even chance of returning to friendly territory safely.
